Tough Material Totes

Rugged
Built to survive years of heavy use

Movable
Easily moved with a pallet jack or forklift

A Forklift Friendly Material Tote Virtually Indestructible Storage For Your Warehouse

With Hardigg's new VersaFill Tough Material Totes, now you can store and transport bulk items safely, securely, and worry-free. The totes are virtually indestructible and built to provide years of dependable service, withstanding impacts, drops, and rough encounters with forklifts and factory machinery. VersaFills can also be readily tilted on a pallet jack, providing easy access to items lower down in the bins. Need to move one? No problem. Just load it onto a standard pallet jack or forklift, and you can take it across the warehouse or load it onto a truck and ship it where you need it.

VersaFill Tough Material Totes: Secure storage and easy transport in an indestructible container. Only from Hardigg.

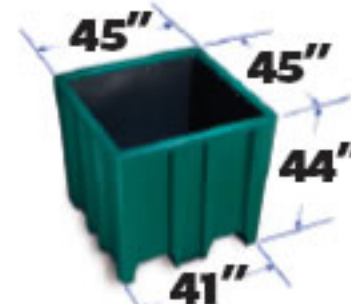

Stackable
With lid in place, can be stacked for efficient storage

Optional Liner
Creates a smooth interior surface for easy removal of fine-grained items
